There are many new cars you play when you play this game. Different cars must be handled differently. You can also take part in different types of races while playing this game. You can choose the car you want. After all, you're really flying high. The control system is displayed on the screen, allowing you to tilt and control the car. There are buttons on how to press gas and brakes. Excellent graphics When you play this game, you will not get very complex textures or light effects in the game. 3D-style tracks with geometric shapes attract players. There are also geometric shapes that fly in the air around the sides of the tracks. You will get a futuristic feel as you go about racing in this world. It works very smoothly in different Systems. Types of Tracks Players come through four different game modes of Jet Car Stunts 2. You have a simple racing mode, mode, time test, as well as platform mode. Punch Club is also a game you should try to play. In certain races, you will compete with many other cars for a certain number of wheels. In time test mode, one literally races with the clock and go gold, silver or bronze as it may be. In platform mode, of course, there is no time limit for participants, here you need to get to the end of complex-looking tracks. Freestyle mode, as the name suggests, requires you to jump over obstacles and take advantage of tilt control to perform maneuvers such as flips and slides. Download Jet Car Stunts 2 MOD Apk to unlock all 120 levels. Different cars You will find many variants of the types of cars in which you race. In fact, there are six different types of cars, each of which has a set of restrictions and advantages. You can make really fast and accurate works using these cars, some cars can be a little difficult to control while being in the air. If one uses a jet car, then moving in the air becomes really easy. Therefore, you can perform turns or even complex tricks, such as barrel rolls, by walking through checkpoints jet car stunts 2. Unlock all levels and all cars with our Jet Car Stunts 2 MOD apk. The beauty of track creation You can create tracks and share them with others by playing Jet Car Stunts 2 MOD Apk. The way these tracks are created in nature is really interesting. You just need to choose a car and then start driving around. The track will be created when the car moves forward. If one decides to jump in the air with a car, then the rings and loops will be created for future racing. Some practice has been observed to improve this. After all, it is necessary to connect the end of the track with the starting point. This game therefore offers plenty of one to enjoy.
